

Creation and Abolishment of Positions

Position Management is the process by which the City of Baltimore (“City”) determines how a job is defined, the number of positions needed, and the organizational structure. Position Management preserves the history of positions and helps the City comply with laws and regulations. This Policy ensures proper addition and removal of city positions.

I. SCOPE

This Policy applies to all City employees, including regular full-time and part-time, probationary, seasonal, contractual, temporary, and elected officials, as well as their appointed staff, who are appointed, hired, reinstated, transferred, demoted, or promoted to a position of trust. Although not considered employees, independent contractors and volunteers are subject to the restrictions of this Policy.

II. AUTHORITY TO REQUEST POSITION CREATION OR ABOLISHMENT

Each agency head or designee is responsible for administering an effective process for creating and abolishing positions.

III. CONSIDERATIONS FOR APPROVAL OF POSITION CREATION OR ABOLISHMENT

- A. This Policy outlines the standards and controls exercised to ensure the program complies with the requirements of applicable laws, rules, regulations, City of Baltimore Department of Human Resources (“DHR”) standards and guidelines, and policies.
- B. A position may be created or abolished after considering the alignment of the position to the approved organizational plans, agency mission, goals, objectives, agency priorities, position evolution, and budgetary constraints.

IV. REQUIREMENTS AND RESPONSIBILITIES FOR CREATION OF POSITIONS

- A. Board of Estimates Approval. No position will be created unless approved by the Board of Estimates.
- B. Agency Responsibilities. Agencies are responsible for maintaining position descriptions, initiating the position creation request in the Employee Resource Management System (“ERMS”), providing justification for the creation request, and taking any action required to fill a position once it is created.
- C. Bureau of Budget and Management Research (“BBMR”) Responsibilities. BBMR must evaluate requests and ensure funding is available for the position creation.

Creation and Abolishment of Positions

- D. DHR Responsibilities. DHR shall establish job classifications to ensure proper and efficient management, recruitment, promotion, training, compensation, and layoff processes. For the creation of Civil Service positions, approval from the Civil Service Commission (“CSC”) is required.

V. REQUIREMENTS AND RESPONSIBILITIES FOR ABOLISHMENT OF POSITIONS

- A. Board of Estimates Approval. No position will be abolished unless authorized by the Board of Estimates.
- B. Agency Responsibilities. Agencies are responsible for maintaining position descriptions, initiating the request in ERMS, and justifying the request for abolishment.
- C. BBMR Responsibilities. BBMR must evaluate requests.
- D. DHR Responsibilities. DHR shall abolish positions that are no longer required or appropriate. For the abolishment of Civil Service positions, approval from the CSC is required.

VI. PERSONNEL ACTION COST FORM

Personnel Action Cost Form, PM 101-5, must be completed within the City’s ERMS whenever an action is taken that affects classes or budgeted positions. Position Description form, PM 101-5, must also be completed when an agency seeks position creation, abolishment, or reclassification actions.

VII. AUTHORITY

This Policy was issued pursuant to *AM 002-1* and *002-1-2*, the Administrative Manual, wherein the Department of Human Resources recommended changes to the Administrative Manual to the Board of Estimates for approval.

VIII. INTERPRETATION

The Department of Human Resources reserves the right to revise or eliminate this Policy at any time with the approval of the City’s Board of Estimates.
